

# AFTER INSTALLATION

## Pet Door Design Conversion Frame After Installation

1. The conversion system replaces your existing insulated glass.
2. It comes complete with new insulated glass and pre-installed pet door.
3. Choose from the standard **Pet Safe Classic** pet door or the High Performance **Endura Flap** by Patio Pacific.
4. If needed, additional "rise" can be added for taller dog's ease of use. See: **Adding Additional Rise** and **Determining Rise and Pet Door Opening Size** for details.
